**4.C. REVIEW AND
CONSIDERATION OF ST.
MARY'S HOSPITAL
COOPERATIVE PROGRAM
WITH MARSHALL
UNIVERSITY**

- 1. ON-SITE VISIT
REPORT**
- 2. NCLEX-RN RESULTS**
- 3. CONTINUED
APPROVAL**

4.C. The Board reviewed the On-Site Visit Report and NCLEX-RN Results. Discussion ensued regarding the NCLEX-RN pass rate for the May 2013 graduating class being 75%, however the results for 1-2013 were above the 80% passing standard at 86%. Dr. Kyle shared with the Board that the program has reviewed and addressed issues that may have lead to the low pass rate. Ann Bostic made a motion to approve the On-Site Visit Report and continue full approval of St. Mary's Hospital Cooperative Program with Marshall University. The second was offered by Judy Nystrom. The motion carried.

**4.D. REVIEW AND
CONSIDERATION OF
SOUTHERN WEST
VIRGINIA COMMUNITY
AND TECHNICAL
COLLEGE**

**4.D.1. ON-SITE VISIT
REPORT**

**4.D.2. NCLEX-RN 2013
RESULTS**

**4.D.3. PROGRAM
APPROVAL**

- 4.D.** The Board reviewed all information related to the On-Site Visit. Discussion ensued regarding the program administrator, policies related to clinical readiness, secretarial support, and maintenance of related records. The NCLEX-RN pass rate was above the Board's 80% standard. A motion was made by Joyce Egnor to approve the On-Site Visit Report and request ongoing reports regarding the administrator development, policies, secretarial support, and record maintenance, and to continue full accreditation of the program. The second was offered by Libby Farmer. The motion carried.

**4.E. REVIEW AND
CONSIDERATION OF WEST
VIRGINIA NORTHERN
COMMUNITY COLLEGE**

4.E.1. PROGRAM REPORT

**4.E.2. NCLEX-RN 2013
RESULTS**

**4.E.3. CONTINUED
APPROVAL**

- 4.E.** The Board reviewed the Program Report and NCLEX-RN Results for all campuses for West Virginia Northern Community College. The Director responded to the Board's questions regarding the NCLEX-RN Pass Rate at the New Martinsville and Weirton campuses as they were both below the Board's 80% Standard. Faculty turnover and implementation of the new curriculum which the Director indicated didn't work for them were some of the reasons thought to result in the decreased pass rate. The Director also shared that they changed from using ATI to using HESI assessment tests to see if this would help with learning material and then the pass rate. Attrition at the Weirton campus is generally greater than 50%. The Director sited that student travel time to the program as well as personal situations attributed to this attrition rate which has been consistent with this campus. For example, the last class graduated 12 students and 32 were accepted into this class. The New Martinsville campus has students for the first year of the program and then they travel to Wheeling for the second year. Discussion ensued questioning the need for the New Martinsville campus. The Director indicated combining the campuses had not been considered, however she would do that if the Board directed her to do so. Joyce Egnor made a motion to approve the Program Report, to continue with a provisional approval for the New Martinsville campus and full approval for the Wheeling and Weirton campuses; require an NCLEX-RN Plan of Action to be submitted 30 days prior to the Board's Education Committee Meeting for the Weirton and the New Martinsville campuses. The second was offered by Ann Bostic. The motion carried.

**4.F. REVIEW AND CONSIDERATION
OF THE NEW PROGRAM
REQUEST FOR NEW RIVER
COMMUNITY AND TECHNICAL
COLLEGE SCHOOL OF NURSING**

Joyce Egnor recused herself from the review and consideration of this agenda item and left the room.

- 4.F.** The Board considered the application for a new Associate Degree in Nursing Program for New River Community and Technical College School of Nursing. Discussion ensued. The Board noted that there were no clinical affiliation agreements with any facilities for obstetrics, pediatrics or psychiatric nursing. The Program Director shared that these had not been secured. She had knowledge of some potential sites, however, no confirmed agreements. The application indicated several facilities that were potential places for these clinical experiences. The Director shared that in her experience much of the psychiatric experience could occur in any clinical setting, with the exception of the acute psychiatric experiences. The program has a full time secretary dedicated to the Associate Degree in Nursing program. A building is being remodeled and the nursing program will move into the newly remodeled building when it is complete. The program plans to use the Common Curriculum and begin admitting students in Fall 2014. The Director shared that faculty members are awaiting for program approval to be hired. Ann Bostic moved that the Associate Degree Program at New River Community and Technical College be approved contingent upon receipt of signed clinical agency affiliation contracts that will meet the need for obstetrics, pediatrics and psychiatric clinical experiences. Upon receipt of these agreements, the program will have a provisional approval, is required to pursue national nursing accreditation, and is required to provide reports regarding implementation of the program and leadership development of the Director 30 days prior to each Board Education Committee Meeting. The second was offered by Teresa Ritchie. The motion carried.

Joyce Egnor returned to the meeting room.

**4.G. REVIEW AND CONSIDERATION
OF BLUEFIELD STATE COLLEGE**

- 4.G.** The Board reviewed all information related to Bluefield State College. A recent On-Site Visit had occurred which includes several areas of concern. Discussion ensued. The final report has not been completed and provided to the program for review and comment. The Board found that considering this completed information was important prior to making any additional decisions regarding the program. Joyce Egnor made a motion to continue the current approval status for the Bluefield State College program and campuses to allow review of all information at the Board's June 2014 Board Meeting; and, to table the discussion related to increased enrollment until the June Board meeting. Ann Bostic offered the second. The motion carried.

**4.H. REVIEW AND CONSIDERATION
OF BRECKENRIDGE SCHOOL OF
NURSING AT ITT
4.H.1. NCLEX-RN RESULTS
4.H.2. CONTINUED APPROVAL
4.H.3. REQUEST TO LIFE THE
BOARD'S CEASE
ADMISSIONS MANDATE**

- 4.H.** The Board reviewed the information related to Breckenridge School of Nursing. The Dean was present and answered questions regarding the NCELX-RN results. The Program Director

LaShonda Bare was available by phone. The program currently have 6 cohorts with a total of 62 students. Cohorts 1-6 have 6, 8, 12, 15, 7, and 14 students respectively. There are 22 students in remediation which means they have completed the graduation requirements with the exception of passing an assessment test. There are 10 students who are eligible to test and have not yet tested. NCLEX coaching is in place as well as working with students individually to assist in preparing for a passing the exam. Ann Bostic made a motion to continue the cease admission directive; continue provisional approval of the program; continue submission of required reports and review the program and related information again at the Board's June 2014 meeting. The second was offered by Dr. Farmer. The motion carried.

**4.I. REVIEW AND CONSIDERATION
OF SALEM INTERNATIONAL
UNIVERSITY SCHOOL OF

ADMISSIONS MANDATE

**4.I.4 CURRICULUM CHANGE
REQUEST**

- 4.I.** The Board reviewed all information in relation to Salem International University School of Nursing including the recent correspondences from the Higher Learning Commission (HLC) regarding HLC's recent letter related to the concerns of that organization regarding the University. A motion was made by Libby Farmer to continued the provisional accreditation for the traditional ADN and LPN-ADN programs at Salem International University until the June 2014 Board meeting at which time the Board will further review licensure pass rate results for students who completed the program but not yet tested, reaffirmed that the Board's decision to cease admission mandate remains in place for the ADN and LPN-ADN programs, and to table the proposed curriculum change until the June 2014 Board meeting. Also, the Board requests program reports regarding regional accreditation correspondence and NCLEX-RN licensure pass rate progress 30 days prior to each Education Committee Meeting. The second was offered by Judy Nystrom. The Motion carried.

**4.J. REVIEW AND CONSIDERATION
OF EASTERN WEST VIRGINIA
COMMUNITY & TECHNICAL
COLLEGE**

- 4.J.** The Board reviewed information related to Eastern West Virginia Community and Technical College. Joyce Egnor made a motion to decrease admissions to the program to ten (10) every other year and to require the program to keep the same number of faculty to allow time for the development of the program. And to accept the report on nation accreditation noting the identified concerns, and request continued program reports on the national nursing accreditation progress, Director workload, secretarial support. Clinical experiences, curriculum content review including student learning outcome assessment, trending, and analysis, curriculum implementation, test review including purchase and use of a scantron or course management software product for item analysis thirty (30) days prior to each Educations Committee Meeting. The second was offered by Ann Bostic. Motion carried.

**4.K. REVIEW AND CONSIDERATION
OF WEST VIRGINIA JUNIOR

- 4.K.** The Board reviewed information related to West Virginia Junior College. A motion was made by Joyce Egnor to continued the provisional accreditation for the Associate Degree Nursing (ADN) and Licensed Practical Nursing (LPN-ADN) programs at West Virginia Junior College (WVJC) through March 31, 2015. And to issued a cease admissions mandate to the West Virginia Junior College ADN and LPN-ADN programs. The program is required to keep the same number of faculty to allow for program development. With acknowledgment that a full time secretary dedicated to the Nursing program has been hired. Noting the Board's concern that the secretary's physical location is on a separate floor from the Nursing Director and faculty. And with acknowledgment that the funding and approval for a fourth faculty person and the plan to assure adequate space for all faculty members. Also, to accept the program report on the curriculum review, student , faculty, advisory board, national nursing accreditation progress, NCLEX-RN action plan, licensure pass rate progress, outcome evaluation implementation, curriculum implementation, clinical agency communication, standardized testing and remediation, and test review and item analysis implementation. The Board requests continued reports on curriculum content review including student learning outcome assessment, trending, and analysis; test review, faculty development, resources, student progression, attrition, and national nursing progress thirty (30) days prior to each Education Committee Meeting.
