Be Certain About the Licensure Status of Your Students

Protect Your Institution and Post-licensure Programs with Nursys e-Notify®

NCSBN created Nursys, the only national database for licensure verification of registered nurses (RNs), licensed practical/vocational nurses (LPN/VNs) and advanced practice registered nurses (APRNs).

Nursys e-Notify delivers real-time notifications right to your inbox:

- Licensure status changes, including revocation, and expiration updates
- Any publicly available disciplinary action
- Create and manage multiple license expiration reminders
- Multistate and single-state changes within the Nurse Licensure Compact
- Live and dynamic RN and LPN/VN updates sent securely from all boards of nursing
- APRN data and updates from participating boards of nursing*
- The most reliable and efficient system of its kind
- **And it's all free of charge**

You can also obtain the **NCSBN ID** for each of your post-licensure students, allowing you to identify them with a unique nurse identifier (UNI) on electronic health records and various databases for documentation, education, research and training purposes.
