Dear CE Provider Applicant,

To become a West Virginia Board of Registered Nurses (Board) CE provider
go to https://cebroker.com/providers and register to create a new account.
CE Broker provides the application and directs any attachments or fees directly to the West Virginia
Board of Registered Nurses (Board) office.
At no time will CE Broker make eligibility determinations. If you are already registered in CE Broker to
provide CE, then simply add West Virginia Board of Examiners for Registered Professional Nurses (Board)
within your secure account.
